Summary

My name is Thinh Nguyen, I am a UI/UX Designer. I have had about 1 year working on different projects. I create my products with an interest in user convenience, arranging ideas, layout logically, user-friendly for the best performance and aesthetics.

I always emphasize discipline and professional work to create good products for users, while adding value to the company and enhancing my own value. The challenge in the professional environment is the next step to help me get closer to my goals. Thank you for taking the time, I am eager to connect with you further. I can be reached at: (+84) 96 697 6120 or ngthinhdungnguyen@gmail.com
