Résumé

I am very keen to take on new responsibilities with bigger operations and high challenges. I am a fast learner and can adapt to new situations so I don't mind being handed over a hard and pressured job. I am fluent in verbal and written skills in English and Vietnamese languages. I have been experienced in dealing with different cultures and nationalities. I want to become a professional QA and maybe a PM in further future.

During my last position, as a real estate agent for CVR, I was responsible for finding clients in many suitable channels to reach the most potential clients for the company. My responsibilities also included helping

clients in searching for their home and take good care of them while they are staying in properties which were introduced by me. And by this job, I had chances to know about Hoiana and it's environment a lot
