User Experience Design (UED)

User Interface Design

Nguyen Le

Lead/Senior Ux/UI designer
Ho Chi Minh City, Vietnam

Summary

With over 7 years of experience in creating intuitive and innovative user experiences, along with a strong foundation in user interface design and the ability to analyze user behavior, I have led numerous projects from the conceptual stage through to successful implementation. Proficient in design tools such as Figma, Adobe XD, and Sketch, combined with the ability to collaborate effectively with development teams and product management, I have significantly contributed to enhancing user experience and improving product performance. I am seeking opportunities to further my career and deliver breakthrough value to high-level UX/UI projects.
