Bao Ngan Nguyen

UI/UX Designer
Ho Chi Minh City, Vietnam

Experience

NEC Vietnam

UI/UX Designer
December 2023 - Present (1 year 4 months)

Extensive experience across diverse domains, including healthcare, transportation, public services, government, and manufacturing. Contributions span proof-of-concept (POC) projects, research and development (R&D) initiatives, and full-scale product development.

Effectively collaborated with cross-functional teams to deliver both end-to-end solutions and customized client implementations.

Strong proficiency in business analysis, with the ability to transform initial concepts into structured, innovative, and strategic proposals that align with client requirements and overarching business objectives.

Ahamove

UI/UX Designer
June 2023 - October 2023 (5 months)

- Work with cross-functional teams (engineering, marketing, product) to develop designs for both web application and mobile application;
- Design Wireframe, Prototype and Interfaces for OnWheel (SaaS product of Ahamove) / Loyalty products and Web Admin Ahamove;
- Design marketing materials (demo video, pitching slides) for SaaS product.
