# Nguyen Hau Huu, PMP®

Project Manager at BIM/AC ENERGY

District de Thủ Đức, Ho Chi Minh-Ville, Việt Nam

## Résumé

I have worked for more than 13 years in Civil Construction and now I work as Project Manager for Wind Power Plant Project. With many years of experience working in multinational projects such as thermal power plant, refinery plant, solar farm and wind farm. I have accumulated many experiences in project management such as:

- Leading and managing construction projects and resolving site issues promptly.
- Proposing suitable construction methods to ensure quality
- Managing all project documentation through close-out.
- Having a good relationship/interface with All Parties.
- Maintaining safe work environments.
