Nguyen Thi Phuong Nhi (Sophia)

Asst. Project Manager @ TTI | PMP, Industrial Engineering
Biên Hòa, Dong Nai, Vietnam

Summary

With 10 years of experience in leading and managing product development projects, I am a certified project management professional (PMP). I have worked for global corporations in various industries and countries, such as Intel, Sonion, and TTI Vietnam.

Currently, I am an Assistant Product Project Manager at Techtronic Industries Vietnam, where I collaborate with relevant stakeholders to plan, execute, monitor, and launch new products into the market. My core competencies include project management, problem-solving, data analysis, lean manufacturing, and technical leadership. My mission is to deliver high-quality products that meet customer needs and expectations, and to contribute to the growth the company.

Experience
