Python

Nguyen Huy Hoang

Project Manager

Ho Chi Minh City, Vietnam

Summary

Final-year software engineering student, aspiring software developer, with one-year experience teaching various programming languages. My ambition is to leverage technology and AI to revolutionize the traditional methods of software development.

: Java, Python, T-SQL, NoSQL, Microsoft Office, Bilingual (Vietnamese, English)

:

- Clothing store management app with Java
- H&K Clothing store management app with Java (RMI)
- Analysis of the play of the teams participating in EURO 2020
- Investigating Netflix Movies Project
- Mentor of IV Quarter - 2023 at MindX Technology
- 2nd of the MindX robot programming contest
- 3rd VietAnh International School Robot Programming Contest

I'm excited about new opportunities and challenges where I can learn about software .

I enjoy connecting with new people and hearing new perspectives, you can reach me at huyhoang.ng203@gmail.com.
