--

Quận 7, Ho Chi Minh City, Vietnam

## Summary

8 years of experience as CIO/ IT director, skilled in leadership and establishing profitable IT strategy and budget management. Visionary and strategic technology leader with repeated success leading enterprise IT operations, developing architecture, and optimizing data analysis. Extensive experience directing cross-functional teams in the design and integration of leading-edge technology solutions. Establishing high standards for Service SLA, Compliance and Security to ensure stability, safety, low cost and gain long-term benefits to the business of the company. 15 years of experience in developing, in deploying and managing the ERP systems (SAP S4 HANA, Oracle E-Business Suite, ASCP, Oracle BI, MS Dynamic 365) for a billion USD companies in multiple fields such as Fast-Moving Consumer Goods, Animal Feed, Farming and Retail to adapt business strategy. I am highly experienced in working with many modules such as Procurement, Inventory, Order Management: Distribution, Receivable accounting, Planning, Retail and have fully mastered the end-to end business processes from Procure to pay, Order to cash, Accounting, Planning, Retail and ECommerce. Working closely with global vendors as well as domestic vendors in implementing many complicated projects.
