Ho Chi Minh City, Vietnam

Experience

Rainscales
AI Engineer
December 2024 - Present (6 months)
Ho Chi Minh City, Vietnam

Quy Nhơn AI Center
AI Engineer
December 2023 - May 2024 (6 months)
Quy Nhơn, Binh Dinh, Vietnam

In the company project, my role is to lead a small team focused on Large Language Models (LLM) and the development of a graph database using Neo4j to enhance LLM performance. My work ensures that the AI Chatbot provides more accurate and effective responses. Additionally, I am responsible for API integration and deploying the system to the Cloud.

Education

FPT University
Bachelor of Science - BS, Artificial Intelligence · (August 2021 - November 2025)
