Nguyen Duc Khai

AI Engineer  
Vietnam

Summary

As a seasoned AI Engineer and Researcher, I am passionate about pushing the boundaries of artificial intelligence to develop cutting-edge solutions. My expertise spans across key domains, including:

Core Areas: Computer Vision, Large Language Models (LLMs), Generative AI, LLM Agents and MLOps

Cloud Technologies: Proficient in AWS, Azure, and various cloud computing platforms

With a strong technical foundation and a proactive approach, I thrive on solving complex challenges and driving innovation in AI. I am committed to leveraging my skills to create impactful, forward-thinking solutions that make a difference.
