# Hung Nguyen

AI Engineer | Data Science | Developer  
Ho Chi Minh City, Vietnam

## Summary

A deep commitment to advancing artificial intelligence through innovative and impactful solutions is evident, supported by a strong foundation in machine learning, natural language processing, and computer vision. Demonstrated enthusiasm for contributing to missions that emphasize usability and efficiency is reflected in projects that simplify complex workflows and improve accessibility for users. This passion for leveraging cutting-edge technologies to deliver meaningful outcomes aligns seamlessly with the organization’s forward-thinking vision.
