Phuong Nguyen

UX UI Designer | Webflow Designer
Hanoi Capital Region

Summary

Hello! I'm a UX/UI designer with a background in Information Technology and education. Currently based in Hanoi.

I'm a creative person who strongly believes in a human-centred design approach and passionate about creating user-friendly interfaces. I fundamentally believe that design can improve people's lives, transform companies and change culture.

So I chose Webflow as the tool to deliver a comprehensive design experience to users. Follow my updates to learn more about Figma and Webflow.

My values are empathy, respect, and open-mindedness.

I am always open to receive new knowledge about UX UI design and Web development. Would love to connect with you!

Feel free to connect me via:

- Email: phuong1505hn@gmail.com
