# An Nguyen

Business Analyst

Ho Chi Minh City, Vietnam

## Summary

My name is Nguyen Duy An, and I am currently working as an IT Business Analyst with over one year of experience specializing in business analysis, technology design, and function flow optimization.

I graduated from the University of Information Technology - VNU-HCM with an impressive GPA of 8.75/10. During my studies, I acquired essential skills such as requirement analysis, creating wireframes/prototypes, and writing URD and SRS documents. I also have experience using support tools like Balsamiq, Jira, Confluence, and Draw.io.

As a Business Analyst at MOSO COMPANY and LOAN FACTORY, I have participated in several software development projects, ensuring effective communication between stakeholders and technical teams.

With a strong foundation of knowledge, high professional skills, and extensive practical experience, I believe I can contribute positively to the growth of your company.

Sincerely,

Nguyen Duy An
