Nguyen Manh Dung

Software Engineer at MISA JSC

Quận Cầu Giấy, Hanoi, Vietnam

Summary

I have over 6 years of experience, I'm a skilled .NET backend developer. For over 4 years, I have focused my expertise on developing large-scale enterprise applications. I possess a strong understanding of development processes and the latest technologies. While my primary focus is Backend, I'm also familiar with DevOps principles and tools such as Jenkins, Harbor, Helm, ArgoCD, Docker, Kubernetes, etc. Additionally, I have some experience with front-end technologies such as Vue.js, Angular.

Experience

MISA JSC

4 years 10 months

Senior Software Engineer
June 2020 - Present (4 years 10 months)
Cầu Giấy, Hanoi, Vietnam

At MISA, I participated in various projects, including the development of projects for both individual users and enterprises.

DevOps Engineer
