Summary

I am an enthusiastic, dedicated and versatile young person with
strong interpersonal skills. I have been described as proactive,
organized and disciplined; this combined with my ability to work in
a team as well as in the area of computer sciences allows me to
handle several tasks at the same time. Furthermore, my capacity to
learn new technologies has allowed me to improve my knowledge
of many areas, and allow me to adapt myself to new situations. My
personal qualities give me the motivation and energy to face the
challenges that my professional career may bring. Currently looking
for a challenging environment where I can use and develop the
acquired knowledge within a working team
