Nguyen Dinh Dinh

Mobile Testing - Web Testing | QA Engineer at CodeComplete Vietnam

Da Nang City, Vietnam

Summary

I am an experienced QA Tester with 3 years of experience in software testing and quality assurance. Throughout my career, I have developed a deep expertise in Mobile testing, Web testing, and API testing. I am dedicated to ensuring the highest levels of quality and user experience in software products and have a track record of collaborating effectively with cross-functional teams to identify and resolve issues.

In my current role at CCVN, I have many chances to work with many projects from JP, NZ, US.... I am always looking for new challenges and opportunities to learn and grow and am excited about the prospect of leveraging my skills and experience to contribute to the success of your organization.

Let's connect and discuss how I can help you achieve your goals.
