Résumé

Passionate AI Engineer with 4 years of experience in developing and deploying machine learning models, optimizing algorithms, and driving AI-driven solutions. My expertise lies in deep learning, computer vision, NLP, and model optimization, with hands-on experience in PyTorch, TensorFlow, and Scikit-Learn.

I have worked on end-to-end AI pipelines, from data preprocessing and model training to deployment and performance tuning. Always eager to explore cutting-edge research and apply AI to solve real-world problems efficiently.

Let's connect and discuss how AI can drive innovation! #
