Summary

I am a UX/UI designer with a passion for creating digital products that are both aesthetically pleasing and user-friendly. I have experience in designing web and mobile applications using design software such as Figma and Adobe Creative Suite. I follow a user-centered design approach, where I conduct research, create prototypes, implement feedback, and collaborate with developers to deliver high-quality design solutions.I also keep myself updated with the latest trends and technologies in UX/UI design

I am a hard-working, creative, and reliable designer who can work well in a team or independently. I have excellent communication and interpersonal skills that make me a good team player and a responsible colleague. I can collaborate with other designers, developers, and stakeholders to deliver high-quality products.

You can see more details about my education, achievements, and experience in my portfolio, which I have attached to this CV along with my contact details. I have also included some examples of my work that demonstrate my UX/UI design skills and abilities. You can reach me at any time via my phone number: 0938 493 010 or email: huyngux9392@gmail.com.
