#Anh Nguyen

Senior Software Engineering
Da Nang City, Vietnam

Experience

Oivan
Senior Software Engineering
January 2021 - Present (4 years 3 months)
Da Nang City, Vietnam

+ Working with international teams from Thailand, Finland, Saudi Arabia.

+ Working on micro-services architecture based on Ruby(Rails), Go, Angularjs.

Paradox
Team Lead
April 2020 - December 2020 (9 months)
Da Nang City, Vietnam

At here, I focus on:

+ Developing, maintaining and improving code quality, product features,

application performance and stability using Python, Django Framework, Vuejs.

+ Manage, help team members to resolve issues/problems.

+ Taking responsibility for training the intern group within the company.

+ Participating in interviews as an interviewer.

Sun* Vietnam
Team Leader
September 2016 - April 2020 (3 years 8 months)
Da Nang, Viet Nam

My responsibility is:

- Training Web Technologies.

- Training Git, Ruby, Rails Framework.

- Leading projects and products of the team base on Ruby On Rails as PO,

and technical leader.

NEOLAB VIỆT NAM Co.,ltd
Web Developer
November 2015 - July 2016 (9 months)
DaNang, VietNam

With strong expertise in Ruby on Rails Framework, I was responsible for

developing web-based products for the customers from Japan.

Earlybird.vn
Software Developer
October 2014 - January 2016 (1 year 4 months)
Hanoi, VietNam

Earlybird is a community and marketplace for modern trading art and handmade stuff in Vietnam.
I was in charge of analyzing and designing the whole system as well as developing Earlybird.vn through Ruby On Rails framework. Moreover, I also took responsibility to support the marketing team in holding workshops so as to get the handmade products well-known on the market.

Asian Tech Co., Ltd.
Software Developer
June 2015 - November 2015 (6 months)
DaNang, VietNam

With strong expertise in Ruby on Rails Framework, I was responsible for developing web-based products for the customers from Japan.

Framgia Inc.
Web Developer
November 2013 - November 2014 (1 year 1 month)
Hanoi, VietNam

Joined Framgia when I was a trainee. After that, I started to work as a web developer to develop products for startups from Japan.

Education

Posts and Telecommunications Institute of Technology
Bachelor's, Information Technology · (2009 - 2014)
